SECTION 1.

INTRODUCTION

1. The Quota Allowance Allocation System (“Allocation System”) outlined in this document is a continuation of the Allocation System operated previously by the New Zealand Meat Board (“Board”), amended as a result of the 2024 Quota Allocation Mechanism Review. This will apply to Quota Allowance administration for the 2025 and subsequent Quota Years, and will operate for the United Kingdom (‘UK’) Beef FTA Quota Year.
2. This Allocation System is implemented by the New Zealand Meat Board (“Board”) pursuant to its powers under the Meat Board Act 2004 (“Act”), in particular, Part 3.
3. As a result of the Free Trade Agreement (FTA) negotiated with the United Kingdom in the latter part of 2021 which entered into force on 31 May 2023 a Tariff Rate Quota (TRQ) has been created for selected beef products to enter duty free. New Zealand’s access under the UK-NZ FTA is subject to the UK’s domestic regulatory framework, in particular, The Trade (Australia & New Zealand) Act 2023 and secondary legislation i.e. Customs Tariff (Preferential Trade Arrangements) (EU Exit) Regulations 2020; and Statutory Instrument 2020/1457 and subsequent tariff rate quota regulations.
4. The Board’s policy for the allocation of UK FTA Beef TRQ is founded upon the principle that TRQ should be equitably allocated to Qualifying Companies and eligible New Entrants to ensure that the New Zealand red meat industry is the recipient of the economic benefits deriving from quota markets.
5. In establishing the policy evidenced by this Allocation System, the Board has recognised that:
 - a. the object of the Board is to facilitate the capture, for New Zealand and in the interests of the meat industry, of the best possible ongoing returns available from quota markets;
 - b. where authorities in a market have granted access to that market at zero or concessional tariff rates for a particular quantity of meat products imported from New Zealand during any period, the Board must establish and operate a mechanism for the allocation of that quantity; and
 - c. the operation of the allocation mechanism must be likely to maximise the capture for New Zealand of the returns available from the market concerned for the meat products.
6. The Board will only issue UK FTA Beef TRQ-1 Certificates to a company that has General or New Entrant Quota Allowance obtained in accordance with this Allocation System.
7. The Allocation System is, in essence, divided into two parts:
 - a. first, the General Quota Allowance Allocation System (GQA), which governs the allocation of 96.5% of the TRQ. It is based upon Production History over the three Production Seasons immediately prior to the commencement of the Quota Year, and; Export History to the UK market for the three Production Seasons immediately prior to the commencement of the Quota Year.

- i. the Production History tranche will be 80.75%; and
 - ii. the Export History tranche will be 15.75%.
- b. second, the New Entrant Allowances Allocation System which allows for the allocation of up to 3.5% of the TRQ to New Entrants ("New Entrant Allowance").
 - i. New Entrant allowances are available to Registered Exporters on a First Come First Served (FCFS), certificate by certificate basis. A New Entrant must provide proof of use within one month of certificate issue. New Entrant allowances are not transferrable
 - ii. those quota participants accumulating Production History may have access to the New Entrant quota until they have three years of production history
 - iii. those quota participants accumulating Export History may have access to the New Entrant quota until they have three years of export history
 - iv. access to New Entrant Quota for any individual participant is limited to 30% of the total New Entrant Quota Allowance
- 8. New Entrants wanting to obtain access to Quota Allowance will be able to do so by:
 - a. applying to the Board for a portion of New Entrant Quota Allowance, by means of an application for a quota certificate in respect of a single shipment; or
 - b. applying to the Board for General Quota Allowance based on Production History and/or Export History earned in relevant prior seasons; and/or
 - c. acquiring Quota Allowance from an existing quota allowance holder.
- 9. If, in any Quota Year, any portion of the New Entrant Quota Allowance is not allocated to or fully utilised by New Entrants the balance will be made available to Qualifying Companies on the terms set out in this Allocation System.
- 10. This Allocation System provides for different procedures in respect of applications for General Quota Allowance (Section 4) and New Entrant Quota Allowances (Section 5).
- 11. The Board retains:
 - a. the discretion to apply this Allocation System as it regards appropriate in relation to any circumstances that are not specifically provided for in this system; and
 - b. the ability to determine the interpretation of the provisions of this document.
- 12. The Board retains the right to suspend all or any of the provisions in this document for any Quota Year when it believes the total TRQ will not be a constraint on the quantity of beef able to be exported to the UK by the industry as a whole. The decision on whether to suspend the provisions will be made by the Board as soon as practicable in any Quota Year, but no later than six weeks before the end of the Quota Year.

SECTION 4.

GENERAL QUOTA ALLOWANCE ALLOCATION SYSTEM

The Allocation System is, in essence, divided into two parts:

- a. first, the General Quota Allowance Allocation System (GQA), which governs the allocation of 96.5% of the TRQ. It is based upon Production History over the three Production Seasons immediately prior to the commencement of the Quota Year, and; Export History to the EU market for the three Production Seasons immediately prior to the commencement of the Quota Year.
 - i. The Production History tranche will be 80.75%; and
 - ii. The Export History tranche will be 15.75%.
- b. second, the New Entrant Allowances Allocation System which allows for the allocation of up to 3.5% of the TRQ to New Entrants ("New Entrant Allowance").

Cross-reference: New Entrant Quota Allowance Mechanism Section Five

A Qualifying Company wanting to obtain access to quota allowance will be able to do so by:

- a. applying to the Board for a portion of the General Quota Allowance based upon its Production History; and/or
- b. applying to the Board for a portion of the General Quota Allowance based upon its Export History; and/or
- c. acquiring quota allowance from an existing quota allowance holder; or
- d. applying to the Board as New Entrant for a quota certificate on a first come first served basis (refer Section 5)

Basis of General Quota Allowance Allocation System

1. General Quota Allowance (GQA) will comprise two sub allowances - a Production History based allowance from qualifying production history (GQP) and an Export History based allowance (GQE) from qualifying export history.

General Quota Allowance will be allocated for a Quota Year to an applicant Qualifying Company in accordance with the following General Quota Allowance Allocation Formula:

$$GQA = GQP + GQE$$

where:

GQA is General Quota Allowance and is comprised of:

- **GQP** is Production History Allowance; and/or
- **GQE** is Export History Allowance.

Production History Allowance

$$PGQP = \frac{(PH_{i-3} + PH_{i-2} + PH_{i-1})}{(TPH_{i-3} + TPH_{i-2} + TPH_{i-1})} \times GQP$$

where:

PGQP = the portion of the UKTRQ (in tonnes) to be allocated to the Qualifying Company in the relevant Quota Year.

PH = a Qualifying Company's Production History for a Production Season.

GQP = The portion of the UKTRQ to be allocated on the basis of Production History in the relevant quota year

TPH = the sum of the Production Histories for a Production Season of all applicants in the relevant Quota Year.

i = the Production Season commencing in the year prior to the relevant Quota Year

i-1 = the Production Season before i.

i-2 = the Production Season before i-1.

i-3 = the Production Season before i-2.

Export History Allowance

$$PGQE = \frac{(EH_{i-3} + EH_{i-2} + EH_{i-1})}{(TEH_{i-3} + TEH_{i-2} + TEH_{i-1})} \times GQE$$

where:

EH = a Qualifying Company's Export History for a Production Season.

PGQE = the portion of the Export History Quota Allowance (in tonnes) to be allocated to the Qualifying Company in the relevant Quota Year.

GQE = The portion of the TRQ to be allocated on the basis of Export History in the relevant quota year

TEH = the sum of the Export Histories for a Production Season of all applicants in the relevant Quota Year.

i = the Production Season commencing in the year prior to the relevant Quota Year

i-1 = the Production Season before i.

i-2 = the Production Season before i-1.

i-3 = the Production Season before i-2.

2. All measurement of Qualifying Product shall be made in accordance with the definition of Qualifying Product.
3. If at any time there is an interruption to the importation into the UK of beef from New Zealand which prevents the utilisation of any portion of the General Quota Allowance as contemplated, the Board may in subsequent Quota Years, apply the General Quota Allowance Allocation Formula with such modification as is necessary to take into account the interruption, as in the opinion of the Board, best meets the intentions of that formula.
4. Production History and/or Export History, may be recorded preliminary to an application for Quota Allowance in a subsequent year.

SECTION 5.

NEW ENTRANT ALLOWANCES ALLOCATION SYSTEM

A. NEW ENTRANT ALLOWANCES ALLOCATION SYSTEM

The New Entrant Allowances Allocation System takes into account the fact that New Entrants may not have a Production History and/or Export History.

The Board shall reserve up to 3.5% of the TRQ as New Entrant Quota Allowance for possible allocation to New Entrants.

New Entrant allowances are available to Registered Exporters on a First Come First Served (FCFS), certificate by certificate basis. A New Entrant must provide proof of use within one month of certificate issue. New Entrant allowances are not transferrable.

Those quota participants accumulating Production History and/or Export History may have access to the New Entrant quota until they have three years of production history and/or export history.

Access to New Entrant Quota for any individual participant is limited to 30% of the total New Entrant Quota Allowance.

New Entrants wanting to obtain access to Quota Allowance will be able to do so by:

- a. applying to the Board for General Quota Allowance based on Production History and/or Export History earned in relevant prior seasons; and/or
- b. applying to the Board for a portion of New Entrant Quota Allowance, by means of an application for a quota certificate in respect of a single shipment
- c. acquiring Quota Allowance from an existing quota allowance holder.

Eligibility

The Board may allocate New Entrant Quota Allowance to a New Entrant if the Board is satisfied that the applicant:

- a. is a New Entrant both at the time of application and will continue to be at all times during the applicable New Entry Period; Refer 'New Entrant' definition in Section Two
- b. has supplied to the Board all information that has been requested by the Board and is necessary to enable this Allocation System to operate effectively;
- c. has not incurred a penalty under section 34 of the Act or any penalty provision of any replacement legislation;

Restrictions No new entrant shall be entitled to more than 30% of the total new entrant quota, except after handback. Refer Section Eight, Part B

Procedure

A. Application

Application for a quota allowance is by application for a quota certificate on a shipment by shipment basis.

Precedence shall be on the basis of date of application provided that no application shall be made for an export that is due to be shipped more than one month later than the application date.

An entity must apply for a quota certificate (volume) and pay the appropriate participation and certification fees.

B. Reservation of quota allowances

Upon receipt of an application and there being sufficient quota available once precedence has been applied, a contingent allocation of a New Entrant Quota allowance in the amount requested in the application shall be transferred to the applicant.

C. Quota Certificate Issuance

Upon receipt within one month of application of an eligibility document matching the application, a quota certificate will be issued.

Performance based application window

Where an applicant has applied for a quota allowance 5% or more, greater than required for shipment, the applicant will have their application window reduced from one month (four weeks) to three weeks, and if repeated to two weeks.

Cross-reference: Definitions "New Entrant" and "New Entry Period"; Section 2.

B. SAMPLES

1. The Board will set aside five tonnes of New Entrant Quota Allowance for each Quota Year which may at the discretion of the Board be utilised by any Qualifying Company or New Entrant for the exportation of sample beef packages to the UK, where the sample will be provided for the purpose of seeking to establish a new or improved product, or market niche, not provided by existing exporters.
2. Any New Entrant Quota Allowance set aside for samples not utilised or reserved for use by 1 October shall be allocated in accordance with Section 8, Part B.

Refer to: Meat Board Act 2004, Section 51

SECTION 6.

INDUSTRY AGREED DISCIPLINES

1. All holders and users of Quota Allowance will be subject to Industry Agreed Disciplines relating to the UK.
2. An Industry Agreed Discipline made under this Allocation System is a discipline agreed to in writing by holders of 70% or more of General Quota Allowance and agreed to by the Board.
3. All current Industry Agreed Disciplines will be recorded in Appendix One.
4. The Board may only establish an Industry Agreed Discipline in order to ensure that the conduct of the trade in beef from New Zealand to the UK is, in the opinion of the Board, helping to attain, in the interests of livestock farmers, the best possible net ongoing returns for New Zealand livestock, meat products and co-products, and ensuring that the meat industry is making the best possible net ongoing contribution to the New Zealand economy.
5. The Board will provide to all Quota Allowance holders, a notice to be included in Appendix One where an Industry Agreed Discipline has been established in accordance with paragraph 2 above. The notice will outline the Industry Agreed Discipline and date of implementation.
6. Industry Agreed Disciplines shall not prevent the Board from taking steps necessary to ensure the effective access of beef from New Zealand into the UK.

Cross-reference: General Provisions; Section 9, Part C

Amendment of System: Consultation Process; Section 12

Industry Agreed Disciplines: Section 13, Appendix One

SECTION 7.

ADMINISTRATION OF GENERAL QUOTA ALLOWANCE ALLOCATIONS

A. PROVISION OF INFORMATION

1. A Company holding Quota Allowance, or a Company without Production History that intends making an application for General Quota for the following Quota Year, will be required to submit to the Board, on a monthly basis or as otherwise requested by the Board, information necessary to enable this Allocation System to operate effectively.
2. Such information will include details as to the quantity of its actual production of Qualifying Product and be provided in the manner set out in Section 13, Form 1.
3. A Company holding Quota Allowance, or a Company without Export History that intends making an application for General Quota for the following year, will have its Export History received via section 65 of the Meat Board Act 2004.
4. This provision of Production and Export History information will be monitored on an ongoing basis by the Board.
5. The Board may require that any information provided to it be verified by such reasonable means as the Board sees fit.
6. The information referred to in paragraphs 1 - 5 above must also be provided to the Board in a year in which it is determined that allocations of General Quota Allowance will be suspended because the TRQ is unlikely to be filled, on the basis that the information will be needed by the Board for calculation of the allocation of General Quota Allowances in subsequent years.
7. The onus shall be on each company to:
 - a. ensure that all information provided by it to the Board is correct and accurate; and
 - b. correct any inaccurate information it has already provided to the Board.

Cross-reference: General Provisions; Section 9, Part A.

B. STATUTORY DECLARATIONS

The Board may at any time request that a company provide to it a statutory declaration regarding any relevant information which the Board may require as necessary to enable the Allocation System to operate effectively.

C. BOARD APPOINTED AUDITOR

1. Audits of information supplied to the Board for the purpose of seeking General Quota Allowance allocation will be undertaken, as the Board sees fit, by an auditor appointed by the Board; that auditor may be the company's external auditor under the Financial Reporting Act 2013.
2. The costs of the auditor are to be paid by the company seeking General Quota Allowance in the manner determined by the Board from time to time.

D. CO-OPERATION WITH AUDITING PROCESS

1. The Owner of Qualifying Product at Time of Slaughter, or Export History will be required to co-operate with any Board appointed auditor and shall give such an auditor full access to the company's relevant records.
2. Visits by auditors to head offices, branches and plants may take place at any time.

E. REPORT FROM COMPANY'S AUDITOR

The costs of the external auditor are to be paid by the company.

SECTION 8.

TRANSFERS AND UNUSED QUOTA ALLOWANCE

A. TRANSFER OF QUOTA ALLOWANCE

1. A holder of an export registration certificate issued under the Act may acquire General Quota Allowance from a holder of General Quota Allowance.
2. Such a transfer will only apply to the relevant Quota Year, and will not comprise a transfer of Production History.
3. All transfers of quota allowance must be completed in the manner set out in Section 14, Form 2 and the transfer form must be signed by authorised signatories of both the Transferor and the Transferee.
4. The Board will upon receipt of a properly completed transfer form confirm that at the date of receipt the Transferor has sufficient Quota Allowance for such a transfer to be completed.
5. Transfers shall have no effect until confirmed by the Board in accordance with paragraph 4 above.

Cross-reference: General Provisions; Section 9, Part A.

B. UNUSED GENERAL QUOTA ALLOWANCE

1. On or before 1 October of a Quota Year all holders of General Quota Allowance must notify the Board in writing if they will not utilise any portion (the portion to be specified by them) of allowance allocated for that Quota Year (and which they have not transferred by a completed transfer confirmed by the Board by that date). The Board upon receipt of such advice will use its best endeavours to reallocate such unused portions to Qualifying Companies within one week, and if not, by 15 October.
2. On receipt by the Board of notification by a company, under paragraph 1 above, the specified amount of the allowance will revert to the Board for allocation in accordance with paragraph 3 below.
3. The Board shall reallocate in order of precedence to:
 - a. in the case where demand for access to returned quota exceeds the volume returned to the Board then it will be reallocated in proportion to the percentage of every such holder's initial allocation of General Quota Allowance for that Quota Year.
 - b. in the case where demand for access to returned quota is less than the volume returned to the Board then
 - i. on demand to General Quota holders then

- ii. any remaining quota to be made available on a first come first served, certificate by certificate basis (with the 30% limit for New Entrants removed)
- 4. If a holder of General Quota Allowance (Transferor) transfers Quota to any other party (Transferee) and at the end of the Quota Year the Transferee holds unused Quota (Unused Quota) which includes all or part of such transferred Quota and the Transferee does not make application either for General or New Entrant Quota Allowance for the following Quota Year in excess of the Unused Quota, the Transferor shall be deemed to have held as at the end of the Quota Year in which such transfer was made, in addition to any unused quota actually held, the lesser of such unused Quota or the Quota which was transferred.

For the purposes of determining whether Unused Quota includes all or part of the Quota transferred, a Transferee shall be deemed to have used first the Quota the Transferee has held the longest, and if there is dispute as to the calculation of Unused Quota such shall be determined by an auditor appointed by the Board.

- 5. The Board may take action or impose penalties, including under Sections 24(4) and 34 of the Act, in relation to those quota holders that have unused quota remaining at the end of the Quota Year.

The Board will not take such action or impose such penalties if the amount of quota remaining unused by the company does not exceed a tolerance level of 0.5% of the company's quota allowance, or 25 tonnes whichever is the higher.

A company exceeding the tolerance will have 2 times the amount of underutilization exceeding the tolerance deducted from its quota allocation in the next Quota Year.

The Board will advise industry annually in September of any potential penalty situations.

Cross-reference: General Provisions; Section 9, Part A.

 - b. the Board has approved of the Transferee of that Production or Export History, which approval shall be in writing and shall not be unreasonably withheld.
- 2. Applications for the transfer of Production or Export History, or any part of it, shall be completed by the Transferor and the Transferee in the manner set out in Section 14, Form 3 and must be signed by authorised signatories of both the Transferor and the Transferee.
- 3. Except where paragraph 1 above applies the purported transfer of a company's Production or Export History will automatically result in the Production or Export History of the company being cancelled and no longer forming part of TPH or TEH as defined in Section 4.

4. Subject to paragraph 7 below, where there is a transfer of Production or Export History in accordance with paragraph 1 above, the Production or Export History will be valid in respect of any allocation of General Quota Allowance to the Transferee in any future Quota Year in terms of the General Quota Allowance Allocation Formula, as if the Transferee had been the Transferor.
5. Any company seeking to transfer its Production or Export History under paragraph 1 above, and the proposed Transferee, shall provide to the Board all information requested by the Board.

QUOTA ALLOWANCE ALLOCATION SYSTEM

– GUIDANCE NOTE: UK FTA BEEF QUOTA¹

INTRODUCTION

The Meat Board Act 2004 (the Act) requires the New Zealand Meat Board (the Board) to establish and operate Quota Allowance Allocation Systems in country specific tariff rate quota markets. This note is issued as a guide to the requirements under the Allocation Systems. As a result of the NZ-UK Free Trade Agreement negotiations concluded in February 2022, the following meat products of New Zealand origin may be exported to the United Kingdom at the tariff rates listed below up to the quantities specified. The out-of-quota tariff rates are also given. These apply to product imported outside the quota.

New Zealand origin beef products can be exported to the United Kingdom in the following quantities, subject to the specified tariffs.

Some quick definitions:

Production History is the three-year average of beef from livestock slaughtered in a UK/GB Listed Premises measured in hot carcase weight.

Export History is a three-year average of product eligible for the UK FTA Beef TRQ shipped to the UK, measured in product weight.

“New Entrant Period” means in relation to a New Entrant, the Quota Year for which a New Entrant receives an allowance of first come first served quota and the two following Quota Years.

To whom is quota allocated?

There are two categories of recipients: Qualifying Companies and New Entrants.

Qualifying Companies hold export registrations and have Production History and/or Export History.

Qualifying Companies have access to 96.5% of the total TRQ allocation.

New Entrants are companies that fit the following criteria:

- Hold export registrations
- have not been allocated and used General Quota Allowance (but which may have purchased Production History, Export History or General Quota Allowance), during the three years prior to the applicable New Entry Period,
- Are a “New Entrant” as defined in Section 2 of the Quota Manual.²

How is Quota Allowance allocated?

Ninety-six and a half percent of the quota is allocated as General Quota Allowance to Qualifying Companies. It is allocated to companies according to their share of the sum of all companies for each of Production History and/or Export History.

New Entrants have access to the remaining 3.5% on a first come first served (FCFS) basis, up to a maximum of 30% of the New Entrant Allocation, per New Entrant.

General Quota Allowance holders can transfer all or part of their quota allowance for the relevant Quota Year to a holder of an export registration.
